The Attention of the Trade

Is respectfully called to our Price List of especially selected **Imported and American Grown Bulbs and Florists' Flower Seeds**. We give this branch of our business the most careful attention, and feel fully satisfied that a trial will give the greatest satisfaction to the grower.

The imported bulbs offered in this list have been selected from the stock of the most reliable growers in Holland, France and Germany, and are all of the best quality.

We wish it distinctly understood that we do not in any way guarantee seeds or bulbs. We employ every effort to secure the best, and test every variety we offer. Notwithstanding these precautions, seed, as well as bulbs, often fail to produce the desired results. This comes from variation of soils, climatic influence and other conditions over which the seedsman has no control. For these reasons any guarantee, expressed or implied, cannot be given.

Terms of Payment.—For all bulbs, 25 per cent. of the amount of invoice to be paid on delivery of bulbs, and the balance 90 days after date.

A Discount of 3 per cent. for cash with order.

C. O. D. Orders from unknown correspondents must be accompanied with cash for 25 per cent. of amount ordered.

All claims must be made immediately upon receipt of goods.

Prices: 250 bulbs furnished at 1000 rate and 25 at 100 rate. Special quotations on larger quantities than offered here submitted upon application.

Unknown correspondents desiring to open an account will please furnish satisfactory reference, otherwise cash must accompany order.

Remittances should be made by Post-Office Money Orders, Drafts on New York Banks or Express Money Orders. Where it is not possible to obtain these, the letter should be registered.

Before sending your order give shipping instructions and write name and address distinctly on every order.

We make no charge for packing and deliver all goods free on board railroad or steamship in New York.

RUSSIAN LILY OF THE VALLEY.

The Earliest, Cheapest and Best Valley in the Market.

THE Russian Lily of the Valley is not only the finest Valley that was ever imported, but it is decidedly the cheapest for the florist to grow. With proper treatment the pips have produced 100 per cent. of strong, stiff spikes, bearing 12 to 15 large pure white bells.

Most of the prominent florists in the United States and Canada, who forced the Russian Lily of the Valley last season, have duplicated their orders this year, and in some instances have ordered double the quantity.

**Price, per 1000, \$15.00;
per original case, 2500 pips, \$32.50.**

The above varieties are all selected extra large size bulbs, and anybody wanting Hyacinths for Show or Exhibition would do well to purchase at least a few of the bulbs, as they are sure to give satisfaction. We have collections of 6 each of the above 15 varieties, making 90 bulbs in all, for \$8.50.

S. & W. SPECIAL BEDDING AND FORCING HYACINTHS.

The bulbs under this heading are of a much larger size than those put in ordinary mixtures; in fact, they are the second size Named Sorts. They will produce grand spikes of bloom, and the different sorts, as offered below, all being of one shade of color and all blooming at one time, renders them of great value for forcing or bedding out, especially in designs, enabling one to secure the exact color effect desired, which is a great advantage over mixed reds, mixed blues, etc., at but a slight advance in price.
